STORY

Our story began over 40 years ago when founder of Storm International, Wilson Younan, entered the cleaning industry.

Wilson understood that the key priorities in business were, delivering the highest quality of service, providing the best customer experience and growing relationships with clients that are built on trust.

His goal was to open his own boutique business where he would provide a high-end, bespoke facility services and management solution with zero compromise on quality.

Today, Storm International is a Nationwide, family operated company. We have embedded family values at the core of our company and all services we provide. We have strong responsibility towards our clients and place significance on good reputation and consistency to achieve long-term and prosperous relationships.

Our reliability and professionalism allow us to consistently deliver on client satisfaction, this is reflected by the diversity of industries we have been entrusted by and the longevity of our relationships.

CORE

Our people are at the heart of what we do—in fact, they are our most important asset, and we welcome their diversity of experiences, backgrounds, and talents.

Over the last 40 years, we have perfected the way in which we deliver our services. We act with integrity in all that we do, in order to ensure client satisfaction.

We understand the needs of our clients and keep them in mind with everything we do. We do not spend time worrying about problems, we get on and solve them. Our staff go to every effort to ensure that our work does not impact your business operations, or your comfort.

The best customer experience comes with a truly tailored service. We understand that every customer is different, so we tailor our facility services and management solutions to suit any business, in any industry. We put your satisfaction as our priority—that's our guarantee.

SERVICES

**We provide bespoke solutions tailored to
your unique needs, so you can focus on
getting on with the important aspects of
your business.**

TAILORED CLEANING

Our experienced consultants will visit your office, school or facility to talk with you about your business' needs and requirements. We will then use this information to design a cleaning service that meets each one of your specific criteria and exceeds your expectations.

SWEEPING

Sweeping is the backbone of a clean environment, so we make sure it is done right. We offer a wide variety of sweeping, scrubbing, and water-blasting services. Whether it is car parks, factories, warehouses, shopping centres, or commercial concrete spaces, we have got you covered.

WASTE MANAGEMENT

We work with you to design a bespoke waste management system that keeps your office, school, or facility clean, healthy and safe. This includes taking into consideration the amount, frequency, and nature of the waste disposal required.

ONE-OFF CLEANING

Perfect for those times when you just need a once-off cleaning solution. Whether it is an upcoming event, a function, an important meeting, or a long overdue site inspection, we have a variety of services that will give you a smart, professional clean, every time.

SANITARY

Our safe, comprehensive sanitary service ensures the correct removal and disposal of all sanitary waste. We take the greatest care in handling sanitary disposal units and waste, and use the highest quality supplies for extra protection against the spread of bacteria and odours.

REMEDIAL WORKS

We help manage facilities of all shapes, sizes and ages. Our remedial works provide corrective actions for buildings with any defects, whether it's structural or due to water damage. We ensure you maintain the structural integrity of your facility, while working to the highest safety standards.

SECURITY

Our mobile, responsive team are experts in implementing security procedures for your facility and treat your security concerns as a matter of urgency. We deliver planned preventative inspections, compliance checks, security hardware installation, as well as 24-hour rapid-response and emergency services.

PEST CONTROL

Say goodbye to unwanted pests for good. As your specialists in facility management, we offer routine pest control inspections to help protect your site. We can prepare a tailored pest management plan to maintain your health and safety, as well as reduce your risk of future threats.

CLIENTS

Storm International is the culmination of over 40 years' experience in the cleaning business, and during that time we have built the skills and expertise to suit clients across a wide range of industries.

COMMERCIAL

Commercial facilities operate under strict security protocols and processes. They also place a strong emphasis on professionalism and courtesy to their staff. Our staff is highly trained and currently service various commercial facilities including hotels, high rise buildings, financial institutions and councils.

EDUCATION

We believe that a clean and hygienic learning environment facilitates better educational outcomes, for students and staff alike. We currently provide top-quality facility management services to over 50 public and private schools, TAFEs, and colleges across Australia. We will help you create a tailored cleaning solution that encourages safety and health, with zero disruptions to class time.

INDUSTRIAL

We understand that industrial facilities have high standards of cleanliness that have an impact on production and profitability. With this in mind, our staff have extensive training and experience in working around industrial facilities and machinery. They are trained to proactively identify and address areas of risk or concern and quickly adapt to any change in environment or process.

AGED CARE

Facility services and management solutions for Aged Care facilities need to go beyond satisfying the basic requirements of safety, hygiene, and compliance regulations. We work with you in a way that reduces disruptions to facility staff, the daily routine of residents and ensure everyone is treated with the respect and care they deserve.
